

Complete In-Plant Cleaning Services

About SET Environmental, Inc.

SET Environmental, Inc. has been in business since 1979. Combining a tradition of integrity, technical expertise and common sense with innovation and growth, SET provides practical solutions to your cleaning and environmental needs. With over two decades of industrial cleaning and decontamination experience, SET has gained extensive knowledge and expertise in providing services in the following areas:

- Confined Space Entry Cleaning
- 24 Hour Emergency Response
- Sanitizing Silos and Process Lines
- Cleaning of Overhead Structures
- Mold Growth Removal
- Equipment Sanitization
- High Capacity Vacuuming
- Hydroblasting 3,000 - 10,000 psi.
- Cleaning of Process Vessels
- Baghouse Cleaning and Servicing
- Baler Room Cleaning
- HVAC Ductwork Cleaning

At SET, we understand that to be successful, it takes a blend of hard work, "know-how," persistence and an understanding of our customers' needs to gain your trust. We aim to gain your trust by demonstrating that at SET, we get the job done right - *the first time!*
